3. FUNCTIONAL USES

- Skin moisturizer
- Hair treatments

4. PHYSICAL & CHEMICAL PROPERTIES

- Appearance @20 °C: Light beige gel/liquid
- Odor: Characteristic aloe vera
- pH @20 °C: 3.5–4.5
- Density & Boiling Point: Not applicable

5. MICROBIOLOGICAL SPECIFICATIONS

- Total Viable Count (TVC): <10³ CFU/g

- Yeast & Mould: <10 CFU/g
- E. coli & Coliforms: Absent (per 1 g)

6. IMPURITIES & CONTAMINANTS

- Pesticides, heavy metals, CMRs, residual monomers/solvents/reactants, PAHs: Not detected

7. FIRE-FIGHTING MEASURES

- Extinguishers: CO₂, dry powder, foam, halogenated agents
- Do NOT use: Direct water jet
- Hazards: May emit CO_x and acrid fumes

8. STABILITY & REACTIVITY

- Stability: Stable under normal conditions
- Incompatible with strong oxidizers
- Hazardous polymerization: Will not occur

9. HAZARD IDENTIFICATION

- Inhalation, skin, eye contact or ingestion: No significant hazard under normal use
- Chronic effects: None known

10. FIRST AID MEASURES

- Eyes: Flush with water; seek medical help if irritation persists
- Skin: Rinse with water; seek help if allergic reaction occurs
- Inhalation: Move to fresh air; oxygen if needed; medical aid if symptoms develop
- Ingestion: Rinse mouth; not expected to be harmful; medical help if discomfort

11. TOXICOLOGY

- Acute toxicity (LD₅₀): Data not available
- Carcinogenicity: Not listed as carcinogenic

12. EXPOSURE CONTROLS & PERSONAL PROTECTION

- Respiratory: None required under normal use
- Hands & Eyes: Wear gloves and safety glasses/goggles
- Hygiene: Wash exposed skin; launder contaminated clothing

13. ACCIDENTAL RELEASE & DISPOSAL

- Containment: Absorb with sand/earth; prevent entry to drains
- Cleanup: Collect into labeled drums for disposal per local regulations

14. ECOLOGICAL INFORMATION

- Readily biodegradable; packaging suitable for standard solid-waste streams

15. HANDLING & STORAGE

- Store in a cool, dry place away from heat, flame, sunlight and children
- Keep container tightly closed
